Final Mini Portfolio Prompt Explanation

This is the written explanation of the Canva video you watched above.

Component 1: 8 Artifacts - From the 13 artifacts you collected this semester choose only 8 you'd like to showcase in your portfolio. Each artifact needs a further explanation of what it is and why it matters. You should also focus on its value and lesson now that we are nearing the end of the semester. Focus on expanding your artifact initial creation a bit more. Make sure you that you include an image and screenshot of that particular artifact.

Component 2: Reflection Essay - 1500 words - Reflect on what you learned this semester. Draw from your weekly reflections and MLO's provided. You should discuss 5 goals, either personal or course goals or both. Some might be a mix of both.

Website Set Up

After reading and reviewing the FMP prompt assignment, you will now set up your website. Please use Google Sites to build your FMP. You can review and replicate this template to create your own portfolio for the final via Google Sites. **Note you won't be able to "make a copy" but instead just use this as a guide.**

Tip: Make sure you have published your website correctly! Do so by hitting the "Publish" button every time you make changes. Publish

As well, make sure you make your google sites accessible by changing the settings in the "Share button"

Resource: For instructions on how to start your Google Sites please watch the first 10 minutes of: How to Use Google Sites YouTube Video
